Our Vision and Values

In Chryston High School we continuously and actively promote a positive, inclusive, engaging and aspirational ethos which enables all young people to achieve success and achieve their potential as lifelong learners and responsible citizens.

We do this within an agreed set of core values:

ICARE

Integrity
Compassion
Ambition
Respect
Equity

Our vision and values are encapsulated in our school motto 'Sic Viresco' meaning:
"Thus I flourish"

**CHRYSTON HIGH SCHOOL
ACHIEVING SUCCESS FOR ALL**

General information

Chryston High School is an ambitious and inclusive six-year, non-denominational secondary school serving the villages and areas of Chryston, Muirhead, Gartcosh, Moodiesburn and Stepps. In August 2025 the roll was 1041 and this is expected to rise year on year to reach a roll of approximately 1500 students.

The school is a modern, well-equipped building that opened in 2012 providing a high-quality learning environment for students with modern classrooms and practical suites. The school has a library resource centre, an assembly hall and stage that doubles as a fully equipped drama studio, a games hall, fitness suite and a newly refurbished 3G AstroTurf pitch. In addition, we have a fully functional, pupil run café where young people learn the skills and achieve qualifications required to work as baristas.

The school is fully networked with hard wiring and wireless routers with several computer suites and mobile sets of laptops. All classrooms are equipped with projectors and interactive whiteboards. We offer a wide and varied curriculum to meet the needs of our students with an ever-increasing line-up of new qualifications on offer.

The next few years will be very exciting for Chryston High School with a large state-of-the-art currently under construction to accommodate our growing role in response to local regeneration.

Chryston High School has five associated Primary Schools – Auchinloch, Chryston, Gartcosh, Glenmanor and Stepps, with whom we have very close relationships. Many opportunities are in place to help ensure pupils make the transition to secondary education with maximum support.
